Logan Leaves A Lot

A Chapter Book for Ages 7-9

Hi. My name is Logan. As you can tell from the photo, I like reading. I even find time to read at the beach. I definitely don't have time to read while I am on an exciting adventure in this book. I am a boy who likes to take trips to places that I haven't ever been. You will meet some characters who I think you will really like. These characters need my help and I plan on not letting them down. Wish me luck.
